## JOLENE AND JOSEPH

Their journey began when they met during their orientation camp back in their university days. It might have been love at first sight, but then again that would be too cliché to describe the nostalgic and familiar feeling Jolene had in her.

Joseph would sweep Jolene off her feet in the early courting days by telling her fairytale stories every night before bedtime. As they grew stronger as a couple, so did their love during the Europe tour they had during their tertiary days. They covered the entire Europe together!

Being a fan of fairytales, little did Jolene know that he is to be her Prince Charming. Joseph had planned the whole proposal for their trip to Langkawi. He engaged a live band to play "Beauty & the Beast" and had the staff of Tanjung Rhu Resort to arrange flowers in the Tanjung Rhu Resort Reading Room. The moment was perfect as the couple just got back from their star gazing on the beach. Best part? The staff got it all on film!

Their engagement, which also marked their 7th anniversary together, was held at Hotel Re! @ Pearl's Hill. They decided to hold this memorable event in Hotel Re! @ Pearl's Hill as they had worked hand-in-hand to bring up the success of this gorgeous hotel and they also wanted to be the

first couple to do a themed party in the new ballroom Re!Joyce.

The theme was based on Jolene's favourite fairytale - the ever-romantic Cinderella story. Naturally, Jolene was looking stunning in a classic Cinderella gown, complete with a customized glass slipper. With a white horse, the engagement party was

fit for the kings and queens. The entire ballroom was revamped in a Town Square setting filled with a booth and a castle entrance, which later introduced the castle-like interiors. The big and spacious carpark porch, together with the alfresco concept of the hotel and ballroom makes a great idea for Jolene's white horse entrance.

On this joyous occasion, Joseph recited and renewed his Love Pledge that's filled with only the sincerest of feelings and truest of love for Jolene. Not only that, the man went all the way for his lady and put in all his effort in learning the steps for their very first dance together. The guests were given customisable castle keys, with His Majestic and Her Majestic versions to bring home as a remembrance of the lovely event.

The couple's future wedding plans consist of living in an apartment in The Trumps, which sports a luxurious walk-in wardrobe, Jacuzzi and a waterfall concept for the bathroom. Happily ever after.
